World Wide Watch List 2026

Where following Jesus costs the most

1st November: Kazakhstan ~ Lord Jesus, we pray equip them to withstand the challenges through the provision of fellowship, literature and every practical need. Comfort and heal those who've suffered loss for their faith, protect people from harm. As the authorities watch Your people, may they encounter Jesus. Amen

8th November: Nepal ~ God, we see how the recent instability in Nepal has created an environment where Your people can be attacked. We pray for protection, courage and hope. Refresh their spirits and help them see Your mighty hand at work. Amen.

15th November: Colombia ~ God of all comfort, surround those affected by persecution with Your unfailing peace. Continue to embolden them amidst opposition, and protect them from harm. Help Your children to be wise as serpents and innocent as doves and through their shining and persevering witness, draw people to Jesus and transform communities. Amen.

22nd November: Chad ~ Dear Lord, We ask You to sustain them, be with them and give them the joy of your salvation. Help converts find community. Please, bring peace and stability to this country so that Your people could worship you without fear. In Jesus' name, amen.

27th November: Jordan ~ God, we praise You that so many believers can worship you openly and freely in Jordan. We ask You to allow this same freedom to extend for every Jordanian Christian – including those who have converted from Islam. Sustain those who share the gospel, that they would be both bold and wise. In Jesus' name, Amen.
